

Chez Lounge Assembly

Thank you for purchasing our Canadian-made products

We suggest adding wood glue to the ends of the logs prior to inserting them into the holes but this is not mandatory.

Parts:
Lounge Assembly, 4 legs, 2 Log Braces and Screws.

1) Turn Lounge Assembly upside down and insert legs with wheels (facing out) on the back as shown.

2) Insert 4 screws – 2 on each side, as shown.

3) Insert Log Brace on one side, then on other side. (wheels out). Insert 4 screws – 2 on each side.

4) Insert 1 screw into Log Brace. Repeat on the end.

5) Insert Front Legs into holes. Insert 4 screws – 2 on each side.

6) Insert Log Brace.

7) Insert other Leg. Insert 4 screws – 2 on each end.

8) Insert screw into the Log Brace. Repeat on the other end.

Your Chez Lounge is now assembled!

Bolts should be tightened periodically to ensure long service.
