## Saunas

### Relax

If you've had the sauna experience, you know it's unique. There's few better ways to relax at the end of the day, and Dundalk Leisure Craft's barrel sauna brings the experience into your own backyard.

Our distinctive cedar barrel saunas offer both unique beauty and practical advantages to your sauna experience, and are an exciting, lasting investment that generations can enjoy. The barrel design reduces the heating area by 30% and improves the circulation, without compromising on space for sauna bathers. The cedar walls, 1½" thick, provide natural insulation and structural strength.
