

# Dundalk LeisureCraft Lounge Bench Assembly Instructions

Install the flat floor in the middle of the sauna making sure it is level.

Using the pre drilled holes, assemble the lounge bench support to the longer front lower bench wall using 2" screws.

Position assembly in place and secure to sauna walls and floor using 2 ½" screws.

*\*Be careful not to screw into any stave joints.*

Place lounge bench on top of bench support.

# Dundalk LeisureCraft Lounge Bench Assembly Instructions

Ensure bench is flush with bench support and secure with 2 ½" screws in pre drilled holes.

*\* If sauna is purchased with wood burning heater, repeat process for opposite bench.*

*\* If electric heater is chosen, continue onto next step.*

Assemble bench support to the short front lower bench wall in the same manner as in opposite bench.

Secure to floor and walls ensuring bench is level.

Ensure bench is flush and secure with 2 ½" screws.

If the porch option is selected, start by installing floor ensuring it is level.

Secure with 2" screws.

# Dundalk LeisureCraft Lounge Bench Assembly Instructions

Assemble the 2 pieces for the porch seat together using 2 ½" screws.

Fasten bench to floor and sauna wall using 2 ½" screws.

Repeat process for other bench.

Install backrest with 2" screws at desired height making sure that the lounge bench can still operate correctly.

Repeat for other side.

***Congratulations on the assembly of your  
Dundalk Leisurecraft Lounge Bench!***
